

One Night

Before

Christmas

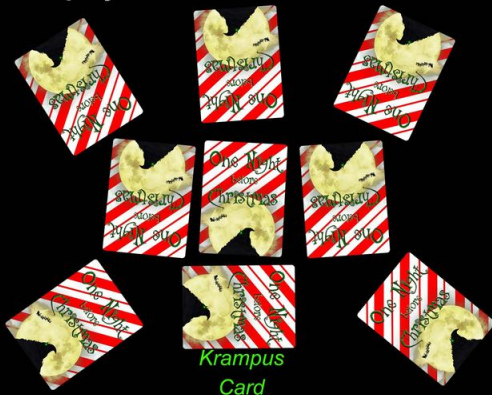

Instructions

In *One Night before Christmas*, each player takes on the role of an Elf, a Grinch, or one of many special characters. The Grinches are plotting to steal Christmas yet again. Only this time the Grinch may not necessarily be alone. There are many other Christmas Grinches in this world. Therefore, to help avoid confusion, the Grinches are indicated with a small dark green symbol of the Grinches face on the bottom left corner each card, like the one shown here. It's your job to figure out who the Grinches are, and catch at least one of them (as all of the grinches are necessary to complete their plan), in order to stop the Grinches from stealing Christmas... unless you've become a Grinch yourself!

BASIC SETUP

There should always be three more cards than the number of players. Shuffle the selected cards face down and deal one to each player. Put the remaining three cards (four if using Krampus, which is placed perpendicular to the other three) and tokens that match all the cards being used in the middle of the table.

Each player should secretly view their card, and place it face down near the three cards in the center of the table. All players should be able to reach all cards easily, as shown in the example for 5 players below:

NIGHT

There are several roles that are called on at night to do a night action. However, players with an Elf, Jack Skellington, Abominable Snow Monster, Jack Frost, E.L.F.S. or Tiny Tim card *never* wake up at night.

In addition to having a role card, one player is the designated Moderator who announces each of the roles in order, and silently counts to ten after each role is woken up to allow the players with that role to perform their action at night. Instead of having a Moderator, you can simply use the free app.

DAY

After the night phase, players discuss amongst themselves who they believe the Grinches are. All players may say anything, but may never show their card to anyone. Grinches might want to claim to be a different role so that they don't get accused of stealing Christmas.

Because certain roles change other players' cards, some players will believe they are one role, when they are actually a different one. After the night phase, your role is the card that is currently in front of you, which may be different than your original role. No one may look at any cards after the night phase. However, when playing with Christmas Present tokens, you will look at your token immediately at the start of the day phase, which may possibly change your role, depending on the token you received.

After a few minutes of discussion, players vote. The player with the most votes is accused of stealing Christmas, and reveals his card. In case of a tie, all players tied with the most votes reveal their cards. If no player receives more than one vote, no one dies.

NO-WAKE ROLES

The following roles do not wake up at night:

ELF

The Elf has no special abilities, but he is definitely not a Grinch. Players may often claim to be an Elf. *The Elf is on the Christmas team.*

JACK SKELLINGTON

Jack Skellington just wants to go back to Halloween Town. Jack Skellington only wins if he is accused of stealing Christmas, so he has a reason to leave. If Jack Skellington is accused and no Grinches are accused, the Grinch team does not win. If both Jack Skellington and a Grinch are accused of Stealing Christmas, then Christmas is saved, so the Christmas team wins too. Jack Skellington is considered a member of the Christmas Town (but doesn't understand the holiday and is not on their team), so if Jack Skellington is accused of stealing Christmas when all of the grinches are in the center, the Christmas team loses. *Jack Skellington is not on the Grinch team or the Christmas team.*

ABOMINABLE SNOW MONSTER

The Abominable Snow Monster has been working for the Christmas team since Hermey removed all his teeth, but can still be easily swayed. If at least one grinch votes for him, then he joins the Grinch team. *The Abominable Snow Monster starts on the Christmas team.*

JACK FROST

If Jack Frost is accused of stealing Christmas, the player he is pointing at becomes frozen and unable to steal Christmas. Thus if the player is on the Grinch team, the Christmas team has stopped a member of the Grinch team and saved Christmas. However, if the player frozen happens to be Jack Skellington, then Jack Skellington wins, as he enjoys the torture. *Jack Frost is on the Christmas team.*

TINY TIM

Tiny Tim is too full of hope and joy to actually ever be accused of stealing Christmas. If accused, the player with the second most votes becomes accused of stealing Christmas instead. If no other player receives two or more votes, then the Grinch team automatically wins and steals Christmas. *Tiny Tim is on the Christmas team.*

E.L.F.S.

When everyone votes, the player that the E.L.F.S. points to is protected from any Christmas stealing accusations. If that player received the most votes, the player with the next most votes (at least two) is accused of stealing Christmas. Recommended for five or more players. When the E.L.F.S. is in the game, it is necessary for all players to turn their cards over right after the vote (to see if the E.L.F.S. is pointing to the player with the most votes.) *E.L.F.S. is on the Christmas team.*

ROLES THAT WAKE UP AT NIGHT

HERMEY THE ELF

Hermey wants to be a dentist, but is desperate and would be anything but an elf. Hermey will look at any of the cards in the center (other than the perpendicular card used when Krampus is in play) and become that role. If that role has a night action, he performs it when called later. *Hermey the Elf is on the Christmas team.*

“Hermey the Elf, wake up and look at one of the center cards other than the Krampus card. You are now that role. If that role is called, wake up and do that night action.”

Hermey the Elf opens his eyes and looks at a card from the center other than the Krampus card. That becomes his new role and he wakes when called upon.

“Hermey the Elf, close your eyes.”

RUDOLPH

Rudolph is a complicated role. He desperately wants to get away from his bright red nose and fit in with the rest of the world. Therefore, he takes on the role, and team of whatever card he views. Rudolph wakes up before every role except Hermey the Elf. At night, Rudolph looks at (but does not switch) one other player's card and does the following based on what he sees:

Elf, Jack Frost, E.L.F.S., Tiny Tim, Abominable Snowmonster, Hocus Pocus: *He is now that role and does nothing else at night.*

Hermey the Elf: *He is now the same role that Hermey the Elf is, but does not know what that is, thus he nothing else at night.*

Grinch, Burgermeister Meisterburger, Miser Brother, Jack Skellington: *He wakes up or sticks out thumb when the role is called as appropriate.*

Santa Claus, Wet Bandits, Kevin McAlister, Elf on the Shelf, Frosty the Snowman, Professor Hinkle, Scott Calvin, Belsnickel, Mrs. Claus, Buddy the Elf, Krampus, Bad Santa, Cupid, Max: *He immediately performs the action required of that card and does not wake up again with that role later, except for waking up with the Grinches (for Bad Santa & Krampus). However, if Rudolph sees the Wet Bandits or Mrs. Claus and then swaps with a Grinch, he does not wake up with the Grinches later.*

Ebenezer Scrooge, Ghost of Christmas Yet to Come, Cindy Lou Who, Ghost of Christmas Present, Wise Men, Zero, Winter Warlock, Bernard the Elf, Yukon Cornelius: *He wakes up to perform their role later when specifically called upon as “Red-Nosed”, followed by the new role that he has taken on.*

If a player receives the Rudolph card during the night, he is the role that Rudolph originally viewed. Rudolph's script at night is a little different than most, as he has to be told to wake up separately later at night if certain roles are present.

Use the following script if there is no Ebenezer Scrooge in the game:

“Rudolph, wake up and look at another player's card. You are now that role. If your new role has a night action, do it now.”

Rudolph opens his eyes and looks at one other player's card. See above to determine what Rudolph does based on the card viewed.

“Rudolph, close your eyes.”

If Ebenezer Scrooge is in the game, use this script:

“Rudolph, wake up and look at another player’s card. You are now that role. If your new role has a night action, do it now.”

Rudolph opens his eyes and looks at one other player’s card. See above to determine what Rudolph does based on the card viewed.

“If you are now Ebenezer Scrooge, keep your eyes open. Otherwise, close them. Grinches, stick out your thumb so the Red-Nosed Ebenezer Scrooge can see who you are.”

If Rudolph is now Ebenezer Scrooge, he keeps his eyes open; otherwise, he closes them. The Grinches stick out a thumb for the Red-Nosed Ebenezer Scrooge to see.

“Grinches, put your thumbs away. Rudolph, close your eyes.”

If Zero is in the game, use this script:

“Red-Nosed Zero, wake up and look for the thumb of Jack Skellington.”

Jack Skellington still has his thumb up from showing Zero who he is. Rudolph opens his eyes and looks to see if any player’s thumb is up.

“Grinches, put your thumbs away. Rudolph, close your eyes.”

If the Ghost of Christmas Yet to come is in the game, use this script:

“Red-Nosed Ghost of Christmas Yet to Come, wake up. Everyone, if you have viewed or moved any card or token, stick out your thumb.”

Rudolph opens his eyes. Any player who has looked at or moved any card or token sticks out their thumb for the Red-Nosed Ghost of Christmas Yet to Come to view.

“Everyone, put your thumbs away. Rudolph, close your eyes.”

If Cindy Lou Who is in the game, after she has been called, use this script:

“Red-Nosed Cindy Lou Who, wake up and look at your card.”

Rudolph opens his eyes and looks at her card to see if has changed during the night.

“Rudolph, close your eyes.”

If the Winter Warlock is in the game, use the following script:

“Red-Nosed Winter Warlock, wake up. The Grinches have their thumbs in the air. You may view their cards.”

Rudolph opens his eyes and can look at any of the Grinches cards. There thumbs will still be in the air from when the Winter Warlock was called.

“Grinches, put your thumbs away. Rudolph, close your eyes.”

If Bernard the Elf is in the game, use the following script:

“Red-Nosed Bernard the Elf, wake up. Santa Claus and Scott Calvin have their thumbs in the air. You may view their cards.”

Santa Claus and Scott Calvin’s thumbs will be in the air from when Bernard the Elf was called. Rudolph opens his eyes and can view any of these cards.

“Santa Claus and Scott Calvin, put your thumbs away. Rudolph, close your eyes.”

If the Ghost of Christmas Present is in the game, use the following script:

“Red-Nosed Ghost of Christmas Present, wake up. You may turn any other player’s card face up. If the card is a Grinch or Jack Skellington, turn it back over face down.”

Rudolph opens his eyes and can turn over any one player’s card. As long as it is not a Grinch, Burgermeister Meisterburger, Bad Santa, Krampus or Jack Skellington it stays face up.

“Rudolph, close your eyes.”

If the Wise Men role is in the game, use the following script:

"Red-Nosed Wise Men, wake up. You may place a Christmas present token on any player's card."

Rudolph opens his eyes and chooses one of the unused face down Christmas present tokens and places it on any player's card.

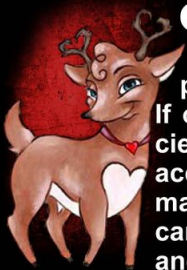

"Rudolph, close your eyes."

If Yukon Cornelius is in the game, use the following script:

"Red-Nosed Yukon Cornelius, wake up. You may look at one of the unused Christmas present tokens. If you find Gold you may also look at your card."

Rudolph opens his eyes and may look at one of the unused face down Christmas present tokens. If that token happens to be gold, he may look at his own card.

"Rudolph, close your eyes."

CUPID

Cupid can give any two players Mistletoe tokens. If one of the players to receive a Mistletoe token is accused of stealing Christmas, the other player cannot live without them, and leaves with their

Christmas love. A Christmas team player receiving a Mistletoe token need not act any differently since the accusation of their Christmas lover won't affect which team wins. However, a Grinch receiving a Mistletoe token now needs to keep both himself **AND** his Christmas lover from getting accused, since the accusation of either will lose the Grinch team the game. When Cupid is in the game, players will be asked to wake up an additional time early in the night to see if they have received a Mistletoe token. *Cupid is on the Christmas team.*

"Cupid, wake up and give any two players a Mistletoe token. If one of these player's is accused of stealing Christmas, both players leave town."

Cupid opens her eyes switches out any two player's Christmas Present Tokens (including herself) with tokens from the Mistletoe token pile.

"Cupid, close your eyes. Everyone wake up and look at your Christmas present token."

"Everyone, close your eyes."

FROSTY THE SNOWMAN

Frosty wakes up and may place the Magic Hat token on any player's card except his own. That card may not be viewed or moved, and may not have any other token placed on it. Frosty's Magic Hat even prevents Mrs. Claus, the

Wet Bandit, Elf on the Shelf and Cindy Lou Who, from viewing or moving their own card if it is on it. While the Elf on the Shelf's power is normally mandatory, a Magic Hat on the Elf on the Shelf's card prevents the Elf on the Shelf from using his power.

During setup, a Magic Hat token should be

placed near the center cards, so that Frosty can easily reach it.

Frosty the Snowman is on the Christmas team.

"Frosty the Snowman, wake up. You may place a Magic Hat token on any player's card but your own."

Frosty the Snowman opens his eyes and may place a Magic Hat token on any player's card but his own.

"Frosty the Snowman, close your eyes."

PROFESSOR HINKLE

Professor Hinkle is an extremely selfish person and may take the Magic Hat (from wherever it is, when he is told to wake up) that is rightfully his and place it on his card. *Professor Hinkle is on the Christmas team.*

“Professor Hinkle, wake up. You may take the Magic Hat token and place it on your card.”

Professor Hinkle opens his eyes and may take the Magic Hat token either from the center or off another player's card and place it on his own card.

“Professor Hinkle, close your eyes.”

HOCUS POCUS

Hocus Pocus may take the Magic Hat token *only* if it has left the center, and attempt to give it back to Frosty the Snowman or any other play he would like to protect. *Hocus Pocus is on the Christmas team.*

“Hocus Pocus, wake up. If the Magic hat has been moved from the center, you may take the Magic Hat token from any player's card and place it on any other player's card but your own.”

Hocus Pocus opens his eyes. If the Magic Hat token has been moved from the center, he may move the Magic Hat token to another player's card.

“Hocus Pocus, close your eyes.”

TOKENS

CHRISTMAS PRESENTS

There are different Christmas Present Tokens that can be placed on any player's card by the Ghost of Christmas Present. When the night phase is over, any

player with a Christmas present token must immediately and secretly look at his token. A player with a Christmas present token may not show that token to anyone else. However, they may say anything about the token that they want to.

Christmas Present Tokens may contain roles which override the card they are placed on. The name of the new role is on the token. For example, the Heart of the Grinch the player's card it is on and they are now a grinch. Any powers that they had are now stripped and replaced with any powers the new role has.

The following Christmas Present tokens have the role replacing ability:

HEART OF THE GRINCH

You are now a Grinch.

HOME OF THE ELVES

You are now an Elf, with no special abilities, except for the love of building toys 364 days out of the year.

PUMPKIN OF JACK SKELLINGTON

You are now Jack Skellington. You only win if accused of stealing Christmas, so you can have a reason to go back to Halloween Town.

CANE OF TINY TIME

You are now Tiny Tim.

SNOWFLAKE OF JACK FROST

You are now Jack Frost.

JETPACK OF THE E.L.F.S

You are now in the E.L.F.S. (also known as the Effective Liberating Flight Squad).

The following Christmas Present tokens will not replace the card roles, but will add additional complications for the player during the day phase:

WORKING CHRISTMAS DAY

You may not speak. You may use hand motions, sign language, etc. as long as you say nothing, except "Bah Humbug".

SHAME OF THE NAUGHTY LIST

You have been bad this year. You must turn your chair, body, and face away from the other players. You may still speak, but you may not look at the other players or the cards and tokens, or turn around when voting, but you may (try to) point at any player (the other players will determine who you pointed at).

VOICE OF THE CAROLERS

You may not speak. You may only sing, preferably to a classic Christmas Carol. Hand motions are allowed.

WEENIE WHISTLE

You love your new weenie whistle and now can only whistle. You may not speak, just whistle. Hand motions are allowed.

GIFT OF NOTHINGNESS

This Christmas Present Token has no effect. It's as if you received nothing at all for Christmas.

GOLD

If you're Christmas Present token is Gold, then that is just swell. However, in this game is has the same effect as the Gift of Nothingness.

However, if your are Yukon Cornelius it may have more significance. On his turn he wakes up and may choose an available Christmas Present token at random. If the Christmas Present token he views is Gold, then he is able to view his own card (similar to Cindy Lou Who).

MISTLETOE

The Mistletoe tokens are stored separately from the Christmas present tokens during game play. This is only for the used of Cupid. Near the

Beginning of the night, Cupid gives a mistletoe token to any two players. They will wake up before the rest of the night and see they are now in love. If one gets accused of stealing Christmas, they both run away together, effectively voting both players out. If playing with Cupid, all player's must start with double-sided Christmas Present tokens on their cards before the game begins.

MAGIC HAT

The Magic Hat tokens are used by Frosty the Snowman, Professor Hinkle and Hocus Pocus. The Magic Hat prevents the card that it's on from being viewed, moved or having a Christmas Present token placed on it.

GRINCHES

The following roles are considered grinchies:

GRINCH

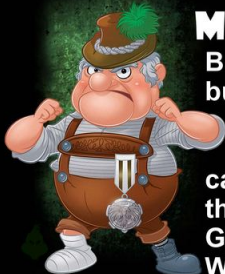

The Grinch is the one who started it all. At night, all Grinchies open their eyes and look for other Grinchies. If no one else opens their eyes, the other Grinchies are in the center. *Grinchies are on the Grinch team.*

"Grinchies, wake up and look for other Grinchies."

The Grinchies open their eyes and look for anyone else whose eyes are open (there might not be any others).

"Grinchies, close your eyes."

BURGERMEISTER MEISTERBURGER

Burgermeister Meisterburger does not wake up with the other Grinchies. When the Grinchies are called he sticks out his thumb, so that the Grinchies know who he is. When playing with

Ebenezer Scrooge or the Winter Warlock, Burgermeister Meisterburger sticks out his thumb during their respective night phases. *Burgermeister Meisterburger is on the Grinch team.*

"Grinchies, except for Burgermeister Meisterburger wake up and look for other Grinchies. Burgermeister Meisterburger, stick out your thumb."

The Grinchies (except for Burgermeister Meisterburger) open their eyes and look for anyone else whose eyes are open. Burgermeister Meisterburger sticks out his thumb, so the Grinchies know who he is.

"Burgermeister Meisterburger, put your thumb away. Grinchies, close your eyes."

KRAMPUS

Too many children have misbehaved this year, so Krampus is recruiting members to help to steal Christmas as punishment. If playing with Krampus, position any other Grinch card face down and perpendicular to the three

center cards (Page 1). At night, Krampus wakes up with the other Grinchies. Afterwards, Krampus wakes up separately. Krampus *must* exchange the Center Grinch card with any other player's card (but not his own card or another Grinch's card), without looking at either card. *Krampus is on the Grinch team.*

All roles that can view or move a center card may also view or move the Center Grinch card except Hermey the Elf.

"Krampus wake up and exchange the Center Grinch card for any other player's card."

Krampus opens his eyes and exchanges the Center Grinch card with another player's card.

"Krampus, close your eyes."

BAD SANTA

Bad Santa wants to know who he's dealing with as he attempts to steal Christmas. Bad Santa wakes with the other Grinchies. Afterwards, Bad Santa wakes up separately. Bad Santa may look at one other player's card. *Bad Santa is on the Grinch team.*

"Bad Santa wake up. You may look at another player's card."

Bad Santa opens his eyes and may quietly look at one other player's card.

"Bad Santa, close your eyes."

ROLES THAT WAKE UP AT NIGHT (CONT.)

EBENEZER SCROOGE

As you know Ebenezer Scrooge hates Christmas and wishes everyone would work right through it. Once the Grinch- es go back to sleep after they plan their attempt to steal Christmas, Ebenezer Scrooge wakes up, and

sees who the Grinch- es are. During this phase, all Grinch- es put their thumbs up so Ebenezer Scrooge can see who they are. The Grinch- es don't know who Ebenezer Scrooge is. If Ebenezer Scrooge is accused and no Grinch- es are caught stealing Christmas, the Grinch- es (and Ebenezer Scrooge) win. If no players are Grinch- es, Ebenezer Scrooge wins as long as one other player (not Ebenezer Scrooge or the Winter Warlock) dies. This role can be a very powerful ally for the Grinch team on their quest to steal Christmas. *Ebenezer Scrooge is on the Grinch team, but not a Grinch.*

"Ebenezer Scrooge, wake up. Grinch- es, stick out your thumb so Ebenezer Scrooge can see who you are."

Ebenezer Scrooge opens his eyes. The Grinch- es (including Burgermeister Meisterburger, Krampus and Bad Santa) stick out a thumb for Ebenezer Scrooge to see. Ebenezer Scrooge looks around to see which players are Grinch- es.

"Grinch- es, put your thumbs away. Ebenezer Scrooge, close your eyes."

ZERO

Zero can tell that Jack Skellington just wants to go home, so he does everything he can to get Jack Skellington accused, to give him a

reason to go back to Halloween Town. During the night Zero will wake up and Jack Skellington will stick out his thumb. Zero only wins if Jack Skellington gets accused of stealing Christmas. However, if Jack Skellington is not in the game, Zero can only win by getting accused of stealing Christmas, so that Jack Skellington will come rescue him. *Zero is not on the Grinch team or the Christmas team.*

"Zero, wake up. Jack Skellington, stick out your thumb so Zero can see who you are."

Zero opens his eyes. Jack Skellington sticks out a thumb for Zero to see. Zero looks around to see which player is Jack Skellington.

"Jack Skellington, put your thumb away. Zero, close your eyes."

MISER BROTHERS

The Miser Brothers have never got along very well, but they are always keeping an eye on each other. When using the Miser Brothers, always put *both* Miser Brothers in the game. The Miser

Brothers wake up at night and look for the other Miser Brother. If a Miser Brother doesn't see the other Miser Brother, it means the other Miser Brother card is in the center. *The Miser Brothers are on the Christmas team.*

"Miser Brothers, wake up and look for the other Miser Brother."

The Miser Brothers open their eyes and look for anyone else whose eyes are open (there might not be others).

"Miser Brothers, close your eyes."

MAX

Max has a hard time with that giant antler on his head all of the time, so he occasionally will hit some things with it. When Max wakes up at night he may tap the nearest shoulder of the player on his right or his left. *Max is*

on the Christmas team.

“Max, wake up. You may tap the shoulder of the player on your right or on your left.”

Max opens his eyes and may tap the nearest should of the player on his left or right.

“Max, close your eyes.”

SANTA CLAUS

Santa Claus can always see who's been bad or good. At night, Santa Claus may look at either one player's card or at two of the center cards, but does not move them. *Santa Claus is on the*

Christmas team.

“Santa Claus, wake up. You may look at another player's card or two of the center cards.”

Santa Claus opens his eyes and may quietly look at one other player's card or any two of the cards in the center.

“Santa Claus, close your eyes.”

SCOTT CALVIN

Scott Calvin thought he killed Santa Claus, but it turns out he was just on a much needed vacation. However, While he was gone, Scott Calvin picked some of his skills to know who is naughty and nice. Scott Calvin

wakes up and may look at one of the center cards. *Scott Calvin on the Christmas team.*

“Scott Calvin, wake up. You may look at one of the center cards.”

Scott Calvin opens his eyes and may quietly look at one of the cards from the center.

“Scott Calvin, close your eyes.”

BELSNICKEL

Belsnickel always has pocketsful of cakes, candies and nuts for good children, but when he runs in to those who are naughty he uses the switch he carries in his hand. Belsnickel wakes up and may

look at the cards of up to two other players, one at a time. If he views a Grinch or Jack Skellington, he may not view any more cards, and he becomes a Grinch or Jack Skellington, respectively.

If Belsnickel sees the Rudolph that saw a Grinch, he continues looking (he doesn't know what Rudolph saw, and does not become what Rudolph saw, even if Rudolph saw a Grinch or Jack Skellington).

Belsnickel is on the Christmas team, unless he finds a Grinch, in which case he joins the Grinch team, or if he finds Jack Skellington, in which case he becomes Jack Skellington and only wins if he is accused of stealing Christmas.

“Belsnickel, wake up. You may look at up to two cards of other players. If you see a Grinch or Jack Skellington, you must stop, and you become a Grinch or Jack Skellington.”

Belsnickel opens his eyes and may quietly look at up to two other player's cards. If he sees a Grinch or Jack Skellington, he stops looking and becomes a Grinch or Jack Skellington.

“Belsnickel, close your eyes.”

WET BANDITS

At night, the Wet Bandits may choose to rob a card from another player and place his Wet Bandit card where the other card was (as if they are leaving the sink running). Then the Wet Bandit looks at

his new card to see what he stole during this Christmas season. The player who receives the Wet Bandits card is on the village team, as the Wet Bandits would hate to see Christmas go away, as it is the best time of the year for robberies. The Wet Bandit is on the team of the card he takes, however, he does not do the action of his new role at night.

If the Wet Bandit chooses not to rob a card from another player, he remains the Wet Bandit and *is on the Christmas team*.

“Wet Bandits, wake up. You may exchange your card with another player’s card, and then view your new card.”

The Wet Bandit opens his eyes and may quietly exchange his card for another player’s card, which he looks at.

“Wet Bandits, close your eyes.”

MRS. CLAUS

Mrs. Claus wakes up and may look at one of the center cards. If she does look at a center card, then she must exchange that card with any player’s card (including her own card), placing that player’s card back in the center (in the same location) without looking at it.

Mrs. Claus is on the Christmas team, unless she replaces her own card with a card from a different team.

“Mrs. Claus, wake up. You may look at one of the center cards. If you do, you must exchange that card with any player’s card.”

Mrs. Claus opens her eyes and may quietly look at one of the cards from the center. If she does, she must exchange that card with any player’s card.

“Mrs. Claus, close your eyes.”

KEVIN MCALLISTER

Kevin McAllister is left home alone again and causing his usual trouble. At night, the Kevin McAllister may switch the cards of two other players without looking at those cards. The players who receive a different card are now the role (and team) of their new card, even though they don’t know what role that is until the end of the game. *Kevin McAllister is on the Christmas team.*

“Kevin McAllister, wake up. You may exchange cards between two other players.”

The player with the Kevin McAllister card opens her eyes and may quietly exchange the cards of two other players without looking at those cards.

“Kevin McAllister, close your eyes.”

BUDDY THE ELF

Buddy the Elf wakes up and may move *all* players’ cards but his own one place to the left or move *all* players’ cards but his own one place to the right. If he chooses to move cards, he must always move all player’s cards except his own card, the center cards, and any cards with a Magic Hat on them. *Buddy the Elf is on the Christmas team.*

"Buddy the Elf, wake up. You may move everyone's card but your own to the left or to the right."

Buddy the Elf opens his eyes and may quietly move everyone's card but his own, the center cards, or a card with a Magic Hat token on it to the left or to the right.

"Buddy the Elf, close your eyes."

GHOST OF CHRISTMAS YET TO COME

The Ghost of Christmas Yet to Come is very powerful and has a way of seeing things that are impossible to see. At night, the Ghost of Christmas Yet to Come wakes up sees who has looked at or moved any card or

token throughout the night. During this phase, any player who has seen or moved, either a card or a token, puts their thumbs up so that the Ghost of Christmas Yet to Come can see who they are. Roles that should stick out their thumbs are: Hermey the Elf, Rudolph, Krampus, Bad Santa, Santa Claus, Scott Calvin, Belsnickel, Wet Bandits, Mrs. Claus, Kevin McAlister, and Buddy the Elf. Note: If a player did not perform their night action, they do not stick out their thumb. *The Ghost of Christmas Yet to Come is on the Christmas team.*

"Ghost of Christmas Yet to Come, wake up. Everyone, if you have viewed or moved any card or token, stick out your thumb."

Ghost of Christmas Yet to Come opens his eyes. Any player who has looked at or moved any card or token sticks out their thumb for the Ghost of Christmas Yet to Come to view.

"Everyone, put your thumbs away. Ghost of Christmas Yet to Come, close your eyes."

ELF ON THE SHELF

The Elf on the Shelf never knows what he is going to be doing the next morning. When it comes time to wake up at night, he must exchange his Elf on the Shelf card for any card in the center, but he does not look at it. The Elf on the

Shelf is now the new role in front of him (even though he doesn't know what that new role is) and is on that team. *The Elf on the Shelf is on the Christmas team.*

"Elf on the Shelf, wake up and exchange your card with a card from the center."

The player with the Elf on the Shelf opens his eyes and exchanges his card for one of the center cards, but does not view his new card.

"Elf on the Shelf, close your eyes."

CINDY LOU WHO

Cindy Lou Who can never sleep through the night, as any noise at all seems to waku up her curious mind. Cindy Lou Who wakes up and looks at her card (to see if it has changed). *Cindy Lou Who is on the Christmas team.*

"Cindy Lou Who, wake up and look at your card."

The player with the Cindy Lou Who card opens her eyes and looks at her own card to see if it has changed during the night.

"Cindy Lou Who, close your eyes."

WINTER WARLOCK

At night, the Winter Warlock wakes up and sees who the Grinches are. During this phase, all the Grinches put their thumbs up in the air. The Winter Warlock can see

who they are and may look at their cards. The Grinches don't know who the Winter Warlock is. If the Winter Warlock is accused of stealing Christmas and no Grinches are caught stealing Christmas, the Grinches (and the Winter Warlock) win. If no players are Grinches, the Winter Warlock wins as long as one other player (not the Winter Warlock or Ebenezer Scrooge) is accused of stealing Christmas. This role can be a very powerful ally for the Grinch team on their quest to steal Christmas. *The Winter Warlock is on the Grinch team, but not a Grinch.*

"Winter Warlock, wake up. Grinches stick out your thumbs so the Winter Warlock can see who you are. Winter Warlock, you may view their cards."

The Winter Warlock opens his eyes. The Grinches (including Burgermeister Meisterburger, Krampus and Bad Santa) stick out a thumb for the Winter Warlock to see. The Winter Warlock may look at any of the Grinches cards.

"Grinches, put your thumbs away. Winter Warlock, close your eyes."

BERNARD THE ELF

Bernard the Elf always knows where Santa Claus is. At night, Bernard wakes up and sees which players are Santa Claus and Scott Calvin. During this phase, Santa Claus and Scott Calvin put their thumbs up in the air. Bernard can see who they

are and may look at their cards. Santa Claus and Scott Calvin don't know who Bernard the Elf is. *Bernard the Elf is on the Christmas team.*

"Bernard the Elf, wake up. Santa Claus and Scott Calvin stick out your thumbs so Bernard the Elf can see who you are. Bernard the Elf, you may view their cards."

Bernard the Elf opens his eyes. Santa Claus and Scott Calvin stick out a thumb for Bernard the Elf to see. Bernard the Elf may look at any of the Grinches cards.

"Santa Claus and Scott Calvin, put your thumbs away. Winter Warlock, close your eyes."

GHOST OF CHRISTMAS PRESENT

The Ghost of Christmas Present tries to let everyone know what is going on right now. At night, the Ghost of Christmas Present wakes up and may flip

any other player's card face up. If a Grinch or Jack Skellington is showing, he must flip it over again face down. If Rudolph or Belsnickel is revealed, he leaves it face up. He only flips one card face up, even if he finds a Grinch or Jack Skellington. *The Ghost of Christmas Present is on the Christmas team.*

"Ghost of Christmas Present, wake up. You may flip over any other player's card. If it is a Grinch or Jack Skellington, flip it over face down."

The Ghost of Christmas Present opens his eyes and may quietly flip another player's card over so it is face up. If it is a Grinch (including Burgermeister Meisterburger, Krampus or Bad Santa) or Jack Skellington, it must be flipped again face down.

"Ghost of Christmas Present, close your eyes."

WISE MEN

The Wise Men are always bearing gifts. At night, the Wise Men wake up and may choose a random Christmas Present token (without looking at it) on any player's

card (including their own). See the list on page 5-6 for tokens and their effects.

The Wise Men may not place a Christmas Present token on a card that has a Magic Hat token on it.

The Wise Men are on the Christmas team.

"Wise Men, wake up. You may place a Christmas Present token face down on any player's card."

The player with the Wise Men card opens his eyes and chooses one of the face down Christmas Present tokens and places it on any player's card.

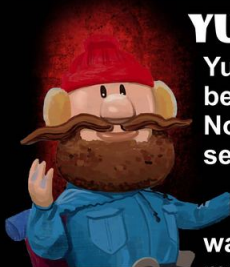

"Wise Men, close your eyes."

YUKON CORNELIUS

Yukon Cornelius is the best prospector in the North! He is always searching for gold so he can be rich. At night, Yukon Cornelius wakes up and may look

at one of the remaining unused Christmas Present tokens. After looking at the token, he must place it back where he picked it up from. If he finds gold on the other side of the Christmas Present token, then he may also look at his own card. *Yukon Cornelius is on the Christmas team.*

"Yukon Cornelius, wake up. You may view any of the remaining unused Christmas Present tokens. If it is Gold, you may also view your own card."

The player with the Yukon Cornelius card opens his eyes and may quietly look at a random Christmas Present token (not a token on any player's card). If it is Gold, Yukon Cornelius may look at his own card to see if it has changed during the night.

"Yukon Cornelius, close your eyes."

USING ROLE TOKENS

One Night before Christmas includes role tokens that match each of the cards. You can use these in a few different ways:

1. Display what roles are in play during each game: Put the roles that are being used face up near the center of the table, so everyone can see which roles (and how many of each) are in the current game.
2. Randomly select the roles that are in each game: place the tokens in a bag and draw out the number of roles you need (the number of players plus three or four depending on the game).
3. During the day phase of the game, players can use the tokens to help them deduce players' roles by placing appropriate tokens on top of cards that they've "verified."

ABOUT THE DESIGNERS

Scott & Kyle Wixted have been happily married since May 2015. They reside in their secluded fortress somewhere in between Saratoga and Albany New York, soon to be with puppy, who surely will claim *not* to be a Grinch. Never believe a puppy, especially one named Quibbler.
